

## QuickGetaways

"...this wine knocks the socks off most Cabs that sell for well over \$100."

### R&B Cellars in Alameda

This is one unique winery. The business and tasting end of the winery is located in a fantastic Victorian home in Alameda. It is actually the home of Kevin and Barbara Brown, the owners of this winery. The tasting room, which is their fabulous dining room is open on a limited basis by appointment. R&B Cellars makes three absolutely wonderful bargain wines priced at under \$12 and one amazing high-end Cabernet Sauvignon that sells for \$60. In our estimation, this wine knocks the socks off most Cabs that sell for well over \$100. The entire wine production is out sourced at a facility in Sonoma County. Kevin Brown searches for the perfect grapes and then directs all the winemaking at the Sonoma facility. Not having a production facility means less overhead and less cost per bottle for this small winery. This is one reason why R&B Cellars can offer a good Sauvignon Blanc and Syrah for \$12 and a Zinfandel for \$10.

The R&B Cellars tasting room is open by appointment only. (510)749-8477
